

Welcome to **WRS!**

Whitney Ridge Stables is now in its new location! Come enjoy our large, new equine facility located on 22 acres in scenic central Connecticut.

Here at **Whitney Ridge Stables**, we are proud of our well-established summer riding camp. Our camp is open to children ages 5-13 of any experience level. Both western and English riding disciplines are available. We offer a pleasant and friendly atmosphere and cater to families and children.

Horses We carefully evaluate our horses for personality, suitability in our program, and safety. We have a group of exceptional mounts that provide riders of all sizes, ages, and skill levels with an enjoyable riding experience

Riding Instructors/ Camp Leaders **WRS** employs several knowledgeable and patient instructors/ camp leaders. These instructors are familiar with the lesson horses and have many years of riding and teaching experience.

We incorporate instruction in horse safety, grooming, and tacking-up during the weekly camp session. Our kind, well-trained horses will help your child build confidence and riding ability.

Summer Camp We offer our fun and exciting summer camp during the month of July. Each weekly session is available for a half-day (8:30 A.M. – 12:00 P.M.) or a full day (8:30 A.M. – 4:00 P.M.). Small groups ensure that each child receives personal attention and plenty of riding time. Campers learn riding, horse care, and grooming. They also spend time out of the saddle doing arts and crafts, playing games, hiking, and learning the parts of the horse and tack. The week culminates with a horse show held on the premises for campers to demonstrate their skills (ribbons go to all).
